Custom-Made Experience

Choose from sterndrive and outboard options, all built with the latest technology and top-of-the-line materials for a smooth and exhilarating ride every time. For more than four decades, we have been at the forefront of the boat manufacturing sector in Brazil, with a track record of over 20,000 boats built, spanning from 19 to 55 feet. Additionally, Ventura has established longstanding partnerships with Yamaha outboard and Volvo Penta sterndrive engines.
